Are taking Retin A, Accutane, Glycolic Acid, A.H.A Skin Care or any other similar products that effects the skin?

Do you have any allergies?

Please describe your current skin condition.

Pre-waxing tips

Exfoliate 48 hours before a waxing treatment to maximise waxing results.
Avoid using creams, lotions or oils before a treatment.
Test patch 48 hours before a full treatment.

Post waxing tips

After a waxing treatment it is advisable to stay out of the sun for at least 48 hours.
If this cannot be avoided then a good sun block needs to be applied.
Wear loose fitting clothes after a wax treatment to reduce skin irritation.
Avoid hot showers until any redness subsides.
Exfoliate 72 hours after a waxing treatment to reduce the chances of ingrown hairs.
Avoid applying any perfumed products for up to 48hrs after a waxing treatment.

Please read the following: I hereby release this establishment from any and all liability resulting from my use of the facility and assume all risks in connection therewith, including known and unknown risks. I understand that there might be some temporary side effects to a waxing treatment such as red skin, a rash or dry skin. I am of lawful age and have read and fully understand and completed the contents of this document to the best of my knowledge and represent myself as physically fit and capable of using the service offered by this facility.
